The Rinks.

The weather yesterday and last night was of a character that tended to the full enjoyment of roller skating, being cool enough to render a little exercise necessary to comfort, and the skaters took advantage of this favoritism of old Boreas by densely packing the "Wigwam" rink at each session. The little folks in the afternoon took almost entire possession of the structure, they being present by hundreds. They seemed to enjoy the graceful exercise with as much zest as their elder brothers and sisters. The management, to-morrow evening, will give all amateur skaters the privilege of testing their speed in a two mile race, free for all, a pair of club skates being given as a prize to the winner. There is already a large number of "artists" entered for the contest. Next Thursday evening a "calico" party will be given, and it will no doubt prove a very pleasant and successful entertainment. Elegant prizes are offered for various styles of costumes. The ladies will have an opportunity to test their skill in the fashioning of novel and unique dresses for this occasion.

The Meridian Polo Club defeated the Hecaton Club last night, at the Meridian rink, by a score of 2 to 1; time, 30 minutes. Previous to the game Harry Eden, of the Meridian Club, was presented a large codfish, handsomely decked with colored ribbons, to which were attached bottles of arnica, tannin, sticking plaster, and other polo essentials. The presentation speech by Murray, in connection with the letter from the President of the League, caused much merriment. Eden responded feelingly, while the eyes of the spectators filled with tears. The College Avenue rink was well filled last night, as usual, there seeming to be no counter attraction sufficient to lessen the drawing qualities of this popular place of amusement. Tuesday evening a wheelbarrow race will be the feature. It is said to be very amusing to the spectators. A skate case will be given as a prize to the winner. Next Friday evening a grand fancy dress carnival will take place. Handsome prizes are offered.

"Not in a Horn" But Those Horns. Mr. Henry Schwinge, the tea merchant, is the recipient of a present of an extraordinarily large pair of elk horns from his friend, Mr. Myron W. Reed, of Denver. Mr. Schwinge prizes them very highly for the double reason, viz, that of the donor's kindly remembrance, and also because they are the largest ever seen in Colorado or any other State. They measure about six feet in length and are over five feet from tip to tip of each arm. Mr. Schwinge, who is a fancier of such relics, having the most extensive display of stuffed birds, wild game, deer-heads, etc., in the State, will have the head and neck of this "monarch of the glens" suitably stuffed and placed in the show window of his store on exhibition.

The Bates House Improvements. If the present favorable weather continues the work of adding two more stories to the Bates House will be started shortly. The fifth story to the reconstructed hotel will be a mansard of the most elaborate and ornamental sort. Besides the addition of the two stories and other outward improvements, the interior changes will be no less striking and important. When completed, the old time guest will not know the somewhat ancient landmark of the Hoosier capital.

Examining Applicants. The Civil Service Commissioners, Chief Examiner Lyman, Messrs. P. C. Truesler, D. M. Elliott and R. P. Craft, yesterday, in the Government building examined nearly 100 applicants for positions in the various departments at the National Capital. The applicants were examined in the history of the United States, grammar, geography, composition, etc. A record is kept of those who have the highest average, and they are recommended for positions first.

A BIG BOOM

In the Hat and Cap line prevailed at the MODEL yesterday. The mere announcement that we would open a first-class hat department was sufficient notice to the public that hereafter they would be able to buy their Hats and Caps, as well as their Clothing and Furnishing Goods, at but a small advance on the first cost of manufacture. All day long our Hat Department was crowded. Our 50 cent, \$1.00 and \$1.50 Hats kept going with a rush, for they can not be equalled at other hat stores under \$1.50, \$2 and \$2.50. Our Finer Hats are made and trimmed in the best possible manner. A glance at our goods and prices will convince any one that we can save you at least 25 per cent. on a Hat or Cap.

We are daily in receipt of new lines of SPRING OVERCOATS. If you want a "nobby" garment, look through our stock of Corkscrews, Whipcords, Meltons and Cassimeres, with and without silk facings, made equal to the finest made to order garments.

COURT-HOUSE LOCALS.

Several Divorce Suits in the Courts—Preparing for the March Term.

Motion for a new trial has been filed in the Barnhart case.

Judge Taylor disposed of fifty-four cases during the February term.

Jesse R. Ebaugh has qualified as guardian of Jesse and Mary A. Ebaugh. Bond \$2,000.

Judge Ayres yesterday concluded the hearing of the divorce suit of Jeannette Stone vs. Daniel Stone, and entered a decree for plaintiff on proof of cruel treatment and failure to provide.

Yesterday closed up the work of the February term in the Superior Courts. To-morrow the general term will be held and the March term will begin. The Grand Jury will also be in session to-morrow.

Judge Taylor yesterday granted a divorce to Hattie K. Law from William S. Law on proof of abandonment, failure to provide and drunkenness. She was also given the custody of the child, and prohibited from marrying for two years.

Officer Barker yesterday took four specimens of oleomargarine and two of butter from dealers on the market and subjected them to a test by sulphuric acid. The butter became a deep amber color, and the oleomargarine became deep crimson. Further tests are to be made. The oleomargarine which was taken looked and tasted better than the genuine butter, and was shipped here from Ohio.

A Testimonial to Miss Turpen. The College Avenue rink was well filled last night, as usual, there seeming to be no counter attraction sufficient to lessen the drawing qualities of this popular place of amusement. Tuesday evening a wheelbarrow race will be the feature. It is said to be very amusing to the spectators. A skate case will be given as a prize to the winner.
